EDUCATION

Bachelor's Degree in Computer Science (2022)

Ecole Supérieur Africaine des Technologies de l'Information et de la Communication (ESATIC) centre d'excellence de l'UIT.

In our first year, we trained in math and physics. It was in our second year that we started to practice Computer Science technology.

High School Diploma (2019)

Lycée Moderne Inagohi de San-Pedro

I obtained my high and then major to the Computer Science departement.

EXPERIENCE

Société Ivoirienne de Banque (SIB)

Apr. 2022 - Sept. 2022

I wrote Visual Basic Application (VBA) code to make Excel files work as standalone software.

PROJECTS

Visual Basic Application (VBA)

Apr. 2022 - Sept. 2022

The main goal of this project was to write VBA codes to automate Excel tasks. The results have made employers work so easily and quickly in Excel that they are no longer required to learn Excel. And also save time and money for the business.

MY SKILLS

Node Js

MongoDB

UML

MySQL

C / C++

Python

VBA
